Dear: All Milan Residents

From: William F Gallagher

I have entered into a month to month agreement with USG&E as the electricity supplier for the Town. The current rate being offered is a savings of .02 cents per KW hour.

The company has agreed to extend the rate to all residential customers as well. I have provided the contact number to sign up. 1-888-947-7880 Ext. 4616, Attn: Cindy.

There is no guarantee and you can drop out at any time. Central Hudson will remain as your electricity deliverer and their part of the bill will continue.

William F Gallagher
Town of Milan Supervisor
