Mr. William Gallacher
Supervisor
20 Wilcox Circle
Milan, NY 12571

Dear Mr. Gallacher,

Rebuilding Together Dutchess County (RTDC) provides home repairs for low-income homeowners in Dutchess County through our Rebuilding Day program. Our 2013 program will include your community, and we would like your help identifying qualified recipients who can benefit from our cost-free home repair efforts scheduled for April and October of 2013.

Our application period is July 1 through October 31, 2012 and we would welcome any assistance you can provide in publicizing our call for applications to your constituents. We would also be happy to accept direct referrals from you of qualified homeowners in need. Keep in mind too, that we would also consider a group of qualified homes in the same neighborhood, where our work could benefit not only the homeowner but the entire community. If you have such a referral, give us a call to discuss the details.

You have a unique vantage point and the ability to get out the word about our services. Enclosed is a 2013 application which is also available on our website www.rebuildingtogetherdutchess.org. We would be happy to provide additional materials for you to distribute through your communication channels to inform people about RTDC and to encourage them to apply. We appreciate you alerting us if you distribute our materials to your community.

Once we make our final project selection for 2013, we will inform you of the projects that may be occurring in your municipality and hope that you will be able to visit our work teams and homeowners on that day. Thank you for your assistance.

Sincerely,

Christina Boryk
Executive Director
